

'SUSTAINABILITY'

What will it mean for you?

Thursday 12th November 2009

Time 1.45 - 4.30pm

Aviator Hotel, Sywell, Northampton NN6 0BN

Guest Speakers: Andrew Mellor - PRP Architects
Paul Davies - Wates Living Space

Planning for sustainability will necessitate consideration of a range of issues when formulating policy and considering development proposals: Climate Change, Food Risk Resilience, Renewable Energy Provision, as well as the efficient use of energy and materials.

What does a Zero Carbon Policy mean in practice? Where has it been achieved? How will it be achieved? Will the Code for Sustainable Homes deliver carbon free dwellings?

Do you need an overview? Do you want a greater understanding of the process, the technical issues and the cost implications? If so, then please join us.

Cost: £35.00 + VAT

CPD: Certification of attendance for CPD purposes will be provided on request.

Programme:

- 1.45 - 2.00pm Registration
- 2.00 - 3.00pm Planning for Sustainability
- 3.00 - 3.15pm Refreshments
- 3.15 - 4.15pm Code for Sustainable Homes
